You can access any of these providers and receive treatment with direct billing. Simply present your membership card. Please remember that you need to settle the excess amount and the co-insurance % shown on your card before leaving the facility.

If for any reason, your medical provider does not recognise the Now Health card, please ask them to check their records. A medical provider listed here is part of our network. If you need further help in accessing treatment, please call the customer service number on the back of your membership card and we will resolve the matter as quickly as possible.

IN-PATIENT TREATMENT

If you need to be hospitalised with direct billing, please choose "**In-Patient Treatment**" tab.

If you have the In-Patient Direct Billing option, it is shown on the top right of your membership card as "Direct Billing" and below "Out-Patient & In/Day-Patient" or "In/Day-Patient" . You can access any of these providers and receive treatment with direct billing. Simply present your membership card at the reception and sign the claim form before leaving the facility.

Please remember that you need to settle the excess amount and the co-insurance % shown on your card when you are discharged.

Please remember that if you do not want to pay for the costs of the hospitalisation, you need to send us a pre-authorisation form 2-5 working days prior to your planned admission date. This will give us time to assess your request and send the Guarantee of Payment to the provider.

If you are admitted as an emergency, please make every effort to contact us as soon as possible. Out of office hours, please contact the 24/7 emergency medical assistance number as printed at the back of your membership card.
