I understand and acknowledge that I have been given a clear explanation on the possible investment risk involved. The value of a Collective Investment Scheme ("CIS") may rise or fall and the potential returns are non-guaranteed. I may lose some or all of my investment depending on the performance of the underlying securities of which performance factors include, without limitation, market risks, fluctuations in interest rates, foreign exchange rates and political instability. I acknowledge that before I invest in the recommended CIS, I am aware of the nature and objective of the product, details of the product provider, the product's intended investment time horizon, the liquidity and the commitment level required for the product and the expected level of risk tolerance of the client. I am aware that there may be a price difference between the order placement date and the trade execution date. I am advised to refer to the fund's prospectus and product highlights sheet for more information and I should not invest in the product if I do not understand or I am not comfortable with such risks. I understand and acknowledge that if I choose to transfer my securities holdings to an account under "iFAST", PIAS and its representatives will be unable to provide advice and/or recommendations on the securities that I have transferred into my iFAST account. I understand and acknowledge that PIAS and its representatives shall not be held responsible and liable for any market performance of the investments.
