1.4 How and when will the Policyholders be required to communicate their choice of option to receive or reinvest the Yearly Income?

The Policyholder does not need to furnish Aviva Ltd with his/her preferred option at the point of sale. A letter indicating the various options will be sent to the Policyholder 2 months prior to the start of the Income Payout Period, in which the customer can indicate his/her preferred Yearly Income solution and return it back to Aviva. If customer does not choose any option (to receive or to reinvest the Yearly Income), we will automatically pay out the Yearly Income via cheque.

1.5 For Policyholders who choose to receive the Yearly Income, how do they communicate to Aviva their preferred mode of receiving the benefit?

The Policyholder can indicate his/her preferred mode of receiving the benefit (i.e. via cheque or direct credit to a designated bank account) in the same letter (mentioned in 1.4 of this section) sent by Aviva Ltd to them.

If the Policyholder fails to respond to the letter, the default option will be for the Policyholder to receive the Yearly Income via cheque.

No. To activate the reinvestment option, Policyholders will need to write to Aviva Ltd to select this option. Upon activation, future Yearly Income will be retained by Aviva Ltd for the Policyholder's benefit and will continue to accrue interest at a non-guaranteed rate to be determined by Aviva Ltd.

For cheques that are not cashed in 6 months from the date of issuance, the Policyholder can request for the expired cheque to be re-issued.

- B. If it is known that the customer has an existing policy with EasyTerm:
 Submit the Application with reduced Sum Assured on EasyTerm to keep within the maximum aggregation limit of SGD250,000 for Death /TI/TPD benefit.

A check will be done during new business to ensure the maximum aggregated Death/TI/TPD benefit limit after including the new application has not exceeded the maximum aggregation limit of SGD250,000 for Death/TI/TPD benefit.

If the EasyTerm benefit has exceeded the maximum aggregation limit of SGD250,000 for Death/TI/TPD, Aviva Ltd will only issue the Basic Policy without EasyTerm and send the notification letter on the decline of EasyTerm to the customer.

4.7 [ET] Why is there still a cap for EasyTerm Sum Assured at 5 times the Basic Plan Annual Premium when there is already a maximum aggregated Death/TI/TPD benefit of SGD250,000 per Life Assured?

Although there is a maximum aggregation limit of SGD250,000 for Death/TI/TPD benefit, capping of maximum EasyTerm Sum Assured per policy at 5 times the Basic Plan Annual Premium is to reduce the anti-selection risks (refrain customer from buying minimum Basic Plan Sum Assured and attach EasyTerm with Sum Assured of SGD250,000 for example) since no medical underwriting is required for this Supplementary Benefit.

4.8 What should the Financial Adviser Representative do if he wants to know whether the customer has met the maximum aggregation limit per life assured for Cancer Premium Waiver II or EasyTerm, assuming he has existing life policies with Aviva?

The Financial Adviser Representative can call Aviva Ltd hotline to check with the customer service executive and will be able to get an immediate response on the existing in-force sum assured a Customer has.

4.9 If any of the Supplementary Benefit is rejected while the basic plan is accepted, what happens to the excess premium?

Upon decline of Supplementary Benefit in view of exceeding maximum limit, the decline notification letter will be printed in the Policy Document and the excess premium will be refunded to Client accordingly in the form of Direct Debit/Cheque.

4.10 [EPPW] What is the maximum aggregation limit for EasyPayer Premium Waiver?

The maximum aggregation limit for EasyPayer Premium Waiver is SGD350,000 for each Assured. This aggregation limit shall be aggregating all EasyPayer Premium Waiver and Joint Life Premium Waiver for that particular life.

4.11 [EPPW] Is the maximum aggregation limit for EasyPayer Premium Waiver disclosed to the customer during sales process? What happens when the aggregation limit is exceeded?

The validation for maximum aggregation limit is set up in the Sales Quotation System (SQS) for this Supplementary Benefit. However, SQS is unable to aggregate all existing similar benefits for a particular life thus the validation is on per application basis and not on per life basis. For additional disclosure, this maximum aggregated limit should be made known to the customer during the sales process.

Options for new application with exceeded maximum aggregation limit for EasyPayer Premium Waiver:

- A. If it is known that this is the 1st policy with EasyPayer Premium Waiver (also has no Joint Life Premium Waiver before):
Submit 2 separate Applications
 - 1st Application keeps within the maximum aggregation limit for EasyPayer Premium Waiver of SGD350,000.
 - 2nd Application with basic policy only (i.e. without the EasyPayer Premium Waiver).
- Or
- B. If it is known that the customer has an existing policy with EasyPayer Premium Waiver and/or Joint Life Premium Waiver:
Submit the Application with reduced total benefit to be waived to keep within the maximum aggregation limit for EasyPayer Premium Waiver of SGD350,000.

A check will be done during new business to ensure the maximum aggregation limit after taking into consideration the new application has not exceeded the limit of SGD350,000 per life.

If EasyPayer Premium Waiver benefit for the new application has exceeded the maximum aggregation limit for EasyPayer Premium Waiver and Joint Life Premium Waiver of SGD350,000, Aviva Ltd will only issue the Basic Policy without EasyPayer Premium Waiver and send the notification letter on the decline of EasyPayer Premium Waiver to the customer
