# It's time for a *fresh approach* to international health insurance

Now Health International is a specialist international health insurance provider. At the heart of our offer are benefit rich products and fast, accurate service.

With service centres in Singapore, Jakarta, Hong Kong, Shanghai, Dubai and the UK, we are strategically placed to serve the main expat hubs and emerging markets.

Our people are experts in international health insurance, delivering local market knowledge whenever your employees need it.

# Why choose *Now Health*?

With us, it's simple to get immediate access to healthcare anywhere in the world. We make it easy for you to choose and easy for your employees to use.

- 1 Our underwriting partner in Singapore is Tenet Sompo Insurance Pte. Ltd. Tenet Sompo Insurance was established in January 2013 when Tenet Insurance Company Ltd merged with Sompo Japan Insurance (Singapore) Pte. Ltd. In January 2014, Tenet Sompo Insurance further merged with NIPPONKOA Insurance Co., Ltd., Singapore Branch, by acquiring its general insurance business to form an even larger entity in Singapore. Tenet Sompo Insurance has been a part of the Singapore history since 1957 (as Tenet Insurance), while Sompo Japan group and NIPPONKOA Insurance Group have their histories stretching back to 1888 and 1892 respectively
- 2 Our innovative and peerless customer experience is delivered via a unique set of service promises which sets out how fast we will complete important tasks like processing claims
- 3 WorldCare, our plan, was awarded Best International Private Health Insurance Product at the 2013 Professional Adviser International Fund & Product Awards
- 4 The state-of-the-art Now Health website provides instant access to plan documents, management information and claims tracking information. We were awarded Best Digital Insurance Firm at the Wealth and Finance Insurance and Reinsurance Awards 2015
- 5 We operate a full medical underwriting approach which means that all our members know exactly what they're covered for
- 6 Our quick and simple claims process means your employees can email or fax us all their claims for fast reimbursement
- 7 We are international health insurance experts. Our senior management team has over 130-years combined experience
- 8 Your employees can access 24-hour emergency assistance and medical information via our partners AXA Assistance and Health at Hand
- 9 Our worldwide network of medical providers offers access to healthcare without having to pay up-front
- 10 Now Health's local offices in Singapore, Jakarta, Hong Kong, Shanghai, Dubai, and the UK offer a truly worldwide service

## *Our promise* to members

Your employees' time is precious. We understand that you need to know how quickly we will handle their requests. We have made six promises on how fast we will complete the following important tasks.

- 1 If your employees have had to pay for treatment and need to claim back their expenses, we will process eligible claims within **five working days**
- 2 If your employees need day-patient or in-patient treatment, we will aim to pre-authorise their claim so they don't need to pay anything. We will place guarantees of payment with medical providers within **two working days**
- 3 When you buy your plan, if we need to underwrite your application, we will respond to you within **two working days**
- 4 If you choose to receive you and your employees' plan documents by post, we will dispatch them within **five working days**
- 5 If you choose to go paper-free, we will dispatch your employee's membership cards within **two working days**
- 6 We will respond to all your enquiries within **one working day**

# It's easy to *manage* *your company plan online*

The Now Health International website is designed to make it simpler to manage your international health insurance, from accessing your plan documents to downloading essential management information.

## *Designed for you*

With Now Health, all your company details are stored in your own secure online portfolio, which you can access 24 hours a day from anywhere in the world.

You can view and download all your group plan documents from here, including the certificate of insurance, group agreement, members' handbook and any form you might need. You can add and delete employees, order replacement membership cards for your staff and track all claims activity on your plan. Our complete online solution means that you can choose to go paper-free, although you can always request to receive your documents by post, if you prefer.

## *Online management reporting*

We prepare regular management reports about your plan so you always have an up to date view of how your plan is running, including a statement of account, claims summary and a membership list.

## *Designed for your employees*

Our intuitive online tools are designed to make it easier for your employees to use their plan too. Each employee gets their own secure online portfolio where they can view and download their plan documents and track the status of their claims.

# How to use *your company plan*

When your employees need to use their plan, we've designed the process to be as straightforward as possible.

## When your employees need out-patient treatment

If you select a plan that includes out-patient treatment, your employees can go to any medical practitioner, pay for their treatment and claim back their expenses. They won't have to pay anything if they have a nil excess and choose a medical provider from our network. Access an up-to-date network list from [www.now-health.com](http://www.now-health.com) or contact our customer service team.

## When your employees need in-patient or day-patient treatment

If your employees need to be admitted to hospital for day-patient or in-patient treatment, they should contact us and we will place a guarantee of payment with the medical provider so they don't need to pay anything. We aim to do this within two working days of your employee's call.

## Accessing emergency help

AXA Assistance is our 24-hour emergency assistance provider. With over 30 years' experience, they can give immediate help if your employees are sick or injured. This includes arranging hospital treatment and facilitating emergency evacuation or repatriation. Based in multiple locations around the world, they can also give local information on finding healthcare wherever your employees are.

## If your employees have a medical question

All Now Health members also have 24-hour access to medical information through Health at Hand. Health at Hand's team of nurses, pharmacists, counsellors and midwives are on hand to give your employees the benefit of their expertise. They can answer your employees' questions and give them all the latest information on specific illnesses, treatments and medications.

# How to *claim*

If your employees have accessed treatment within our out-patient direct billing network or if we've placed a guarantee of payment for them, there's no need to do anything further.

If your employees have had to pay and claim, we will process their eligible claims within *five working days or less*.

Your employees can track the status of all their claims in their secure online portfolio. We will email and SMS them updates as they happen.

## Claims *under*

—  
*USD 500  
per medical  
condition*

For smaller claims, employees can complete the front of the claim form and email or fax it to us with their scanned receipt.

## Claims *over*

—  
*USD 500  
per medical condition*

Employees can complete the front of the claim form and ask their medical practitioner to complete the back of the form. They can then email or fax it to us with their scanned receipts, diagnostic reports and/or discharge reports.

# Your employees' *Membership cards*

Once your employees join Now Health, we send them a membership card for each person covered on the plan. Our membership cards are designed to carry clear information on what our customers are covered for.

We work closely with the medical providers in our network on how to recognise Now Health cards. Any out-patient benefits you have selected will be clearly labelled on the card.

## On the Card Front

# Introducing WorldCare

We believe that WorldCare is one of the most benefit-rich products in the international health insurance market today. There are four levels available: Essential, Advance, Excel and Apex. This means you can select the appropriate level of cover for your employees and your business needs, from essential medical treatment, to a more comprehensive package.

WorldCare automatically provides your employees with access to healthcare anywhere in the world, other than the USA where we can only cover them for emergency treatment as standard.

*A summary of each plan is shown below.*

## WorldCare Essential

Now Health's most affordable package is designed for businesses that want to be sure their employees can access in-patient and day-patient care when they need it while minimising your health insurance costs. You can choose a higher excess to lower your premiums if you only want to cover your employees for high-cost, infrequent medical events.

## WorldCare Advance

This plan covers your employees for in-patient and day-patient treatment and out-patient care including GP and specialist appointments, physiotherapy and alternative therapies. It is suitable for businesses that want to provide all-round medical care.

## WorldCare Excel

This plan covers in-patient, day-patient and out-patient treatment at higher benefit levels than WorldCare Advance. It also includes routine and complex dental care after a nine-month waiting period.

## WorldCare Apex

This is our highest level of cover. With very high benefit limits, it includes in-patient, day-patient, out-patient, and routine and complex dental treatment, at higher benefit levels than WorldCare Excel. WorldCare Apex also includes routine maternity care after a 12-month waiting period.

## Additional Options

You can shape the cover you want by adding the following options:

- 1 Add a small level of out-patient charges cover to WorldCare Essential for added flexibility. There is a premium loading associated with this option
- 2 Add a small level of out-patient charges and maintenance of chronic condition cover to WorldCare Essential. There is a premium loading associated with this option
- 3 Choose fully-paid USA elective treatment within our network. A 50% co-insurance is applied when treatment is received out of network. There is a premium loading associated with this option
- 4 Take the Hospital Room Restriction benefit in Singapore and your employees receive hospital treatment in Singapore and Hong Kong in a semi-private room. There is a 5% discount associated with this option  
  
Choosing this option means that hospital rooms will be restricted to ward or semi-private in Singapore and Hong Kong. Hospital rooms outside Singapore and Hong Kong remain at standard private level
- 5 Select the co-insurance out-patient treatment option – your employees pay either 10% or 20% of their out-patient treatment after any excess has been deducted (not available for WorldCare Essential). There is a premium discount associated with this option based on the co-insurance you have selected
- 6 Opt for our out-patient per visit excess – your employees can have an excess of USD 25 per visit to an out-patient medical practitioner and a nil excess when accessing day patient or in-patient treatment (not available for WorldCare Essential). There is a premium discount associated with this option
- 7 Two options of added-value cover for wellness, optical and vaccinations (for compulsory group plans with 3 or more employees and not available for WorldCare Essential)
- 8 Medical history disregarded – where we may be able to offer cover without asking for detailed medical information on your employees up-front (for compulsory group plans with 10 or more employees)
- 9 The option to add routine maternity cover to the Advance or Excel plans (for compulsory group plans with 10 or more employees)
- 10 The option to add routine and complex dental care to the Advance plan (for compulsory group plans with 10 or more employees)
- 11 We also have a range of excesses to suit your business needs – from a high excess to reduce your premium, to a low or nil excess if you expect your employees to use the plan frequently
