17	Tokio Marine		✓	Created by PIAS	https://tmonline.tokiomarine.com.sg/	Same

Notes:

General Insurance lodgement is required for every ***new** transaction (for example: new client). This is required as PIAS will create client information in PIAS system and tag to representative as a record. This will also minimise any unidentified clients during mails/policy dissemination.

General Insurance lodgement is NOT required for Liberty, NTUC GI, MSIG, Sompo, Direct Asia, Allianz and personal line for Singlife GI.

For **policy number that changes at every renewal**, lodgement is required as well because commission is pay out by matching policy number. Hence, for every renewal where policy number changes, representatives are required to lodge so that our Commissions Department is able to pay out the commission received from product provider at the next commission run.

For more information on which General Insurance product providers policy number that changes during each renewal, please refer to column "I" on "Renewal Policy Number" on the table above.
