

## CareShield Life has launched on 1 Oct 2020. Here's how the long-term care insurance scheme will benefit you:

- Lifetime coverage once you have completed paying all your premiums
- Lifetime cash payouts for as long as one is severely disabled

- Payouts start at \$600/month in 2020 and increase annually until age 67 or when a successful claim is made, whichever earlier.
- Premiums can be fully paid via MediSave.

Long-term care can be prolonged and costly.

With monthly payout starting at \$600 in 2020, CareShield Life is designed to provide basic financial support, in the event of severe disability.

To complement CareShield Life and to minimize the financial burden of long-term care to the family, consider private supplements which offers additional benefits, such as higher monthly payout amounts, which enhance your coverage.
